## COVER LETTER

I hope you're doing well! I've been working with **Flutter since 2019**, building high-quality, scalable, and user-friendly mobile apps. I graduated with a *Bachelor's degree in Computer Science from FAST NUCES* and have been a **Top Rated Plus freelancer** on Upwork since 2021.

**Freelancing is my full-time career**, not just a side gig, which allows me to fully commit to projects and solve complex challenges effectively. Over the years, I've worked with various teams on diverse Flutter projects, focusing on clean code, smooth performance, and great user experiences. I'm also **flexible with time zones** and available for urgent tasks, *including weekends*, to meet project deadlines.

---

## TECHNICAL SKILLS

- Mobile App Development: Flutter, Dart
- Backend Integration: Firebase, Node.js, RESTful APIs, GraphQL
- Database Management: Firestore, SQLite, Hive, DynamoDB
- State Management: Provider, Riverpod, Bloc, GetX
- Version Control: Git, GitHub, Bitbucket
- Cloud Services: AWS, Firebase, Google Cloud
- 3rd Party Integrations: Stripe, HyperPay, Google Maps, Push Notifications
- UI/UX: Material Design, Custom Animations, Responsive Layouts

---

## EDUCATION

**FAST NUCES | B.S. Computer Science**

**AUG 2017 - AUG 2021**

- Engaged in coding competitions and hackathons to enhance my programming skills and stay updated with industry trends.
- Actively participated in extra-curricular activities.
- Managing social events and delivering technical workshops to help fellow students.

---

## WORK EXPERIENCE

**Upwork | Top Rated Plus Freelancer**

**2019 - Present**

- Successfully delivered multiple *Flutter-based projects* for international clients.
- Built scalable and high-performance mobile applications with **clean architecture** and best coding practices.
- Specialized in integrating complex features such as **payment gateways, real-time chat, video streaming, and AI-based** features.
- **Worked with various teams** to develop enterprise-level applications.
- Ensured quality work and **timely delivery**, resulting in high client satisfaction and repeat business.

# PROJECTS

## SellOut: Buy & Sell online
